

Supporting Congregations Through the Economic Crisis: Conversations for Churches

Help the adults and youth in your congregation prepare for their future

You're Invited to this free workshop On Friday, June 18, 2010

In the past two years, South Carolina has lost 138,000 jobs. The unemployment rate for the Santee Lynches Region is expected to remain at 13% levels through 2011. High School graduation rates are improving but are still well below national averages and schools continue to struggle with financial woes. Yet predictions indicate that future jobs will require more training to meet needs of new careers.

June 18, 2010

Topics include:

- **Current economic forecast**
- **Why should churches get involved?**
- **Working with adults**
- **Working with youth**
- **Motivational speaker Andy Masters of Ft. Lauderdale, FL**
- **AND MORE!**

Location:

**Central Carolina
Technical College
Building 400, Room 401
506 N Guignard Drive
Sumter, SC 29150**

to reserve your place
at the workshop table.
Lunch is provided.

Has your congregation been impacted? Do you have members who are struggling after a layoff or downsizing? Do you have at risk youth?

Join us on June 18 for lunch and conversation about how you can help the adults and youth in your congregation prepare for their future. We'll provide information, a great motivational speaker, table discussions, and a resource guide to help you point them in the right direction and begin a conversation of cooperation. The Church has always been involved in literacy and service — we'll show you how to assist with career development with little extra work or training.

— Brenda Golden, Santee Lynches REC Coordinator

Register at [personalpathways.sc.gov/santee lynches](http://personalpathways.sc.gov/santee%20lynches) to reserve your place at the table. Lunch is provided with our thanks.
